

第19回

- 講演者 Lukasz Pankowski 氏(Poznan)
 - 題目 Extreme values of L -functions from the Selberg class
 - 日時：平成24年3月14日（水）15:15～16:15

We prove Ω -estimates for L -functions from the Selberg class under assumption of the corresponding analogue of the Riemann hypothesis. The method of proof combines Montgomery's approach with an effective version of Kronecker's diophantine approximation theorem due to Weber.
