

第24回

- 講演者 : **Mirjana Milijevic** 氏 (Universidade Federal Fluminense)
 - 題目 : Statistical manifolds
 - 日時 : 平成29年3月27日 (月) 16:00-17:00

We give definition of (holomorphic) statistical manifolds and curvature tensors on them. We prove some Schur type results on statistical manifolds and give some results obtained on statistical submanifolds. [<6>]
